TE, BRUCELLOSIS INSPECTION OF ANIMALS  
SCHEDULED IN KAZAKHSTAN

Complete sanitation and veterinary measures for fighting brucellosis and tuberculosis in livestock will be carried out in the city of Alma-Ata on the basis of the 21 April 1949 decision of the Executive Committee of the Alma-Ata City Soviet of Workers' Deputies. The following are subject to compulsory inspection:

For brucellosis -- horses, donkeys, large horned cattle, sheep, goats, swine, and dogs, in July and from September to November.

For tuberculosis -- large horned cattle, sheep, donkeys, and swine,  
in July and October.

Enterprises, institutions and citizens possessing farm animals must submit them to treatment in the veterinary hospitals in their rayon. Individuals evading this order will be subject to a 100-ruble fine.
